VOCIBUS. *Hor.*

"To do something to instruct, but more to undeceive, the timid and admiring student;—to excite him to place more confidence in his own strength; and less in the infallibility of great names;—to help him to emancipate his judgment from the shackles of authority;—to teach him to distinguish between showy language and sound sense;—to warn him not to pay himself with words;—to shew him that what may tickle the ear or dazzle the imagination, will not always inform the judgment;—to dispose him rather to fast on ignorance than to feed himself with error."
